MOHTASHAM™ CARPETS Started its activity in September 2003 in the field of designing and producing various types of machine-made carpets. In order to advance its goals of entrepreneurship and introducing Iranian taste in global markets, the company has continued its activities by establishing a manufacturing plant and has tried to produce a variety of products with quality raw materials (fibers, yarns and dyes). Among the products of this collection, we can mention classic carpets, children's carpets, fancy carpets, patina carpets, forty-piece carpets, tablecloths, etc. This 55-hectare factory has 1,100 Iranian specialists and young people in its staff. The salient features of the products of this group include items such as non-lint (Lint free), non-allergic (Non allergic), resistant to abrasion, washing and light and texture similar to hand-woven carpets. Creativity and innovation along with quality in the production of new products is the most important goal of Mohtasham Carpet. This company succeeded in receiving ISO 9001: 2008 in 1392.
